**RESPONSE TO ELECTION REQUIREMENT WITH TRAVERSE**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the outstanding Election Requirement mailed July 7, 2005, setting a one month period for response to extend until August 8, 2005 (August 7, 2005 being a Sunday), Applicants elect Species (3), the embodiment shown in Figs. 4A and 4B, with traverse for the reasons expressed below. Claims 1-9, 16 and 17 are considered to be readable on elected Species (3), and at least claims 1, 16 and 17 are considered to be generic by the Applicant.

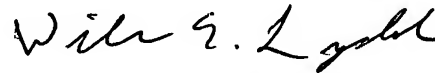

Applicants respectfully traverse the Election Requirement because it would appear that the search for the species identified by the Examiner would be coextensive or at least significantly overlap, and therefore there would be no serious burden if each of the identified species were examined. That is, if the Examiner were to perform a search for the embodiment of Species (3), there would not appear to be a serious burden in continuing the examination of the other embodiments and/or species.

Accordingly, because the search of all of the species would be coextensive, it would not be a *serious* burden on the Examiner to examine all of the claims pending in this application. For this reason, and consistent with M.P.E.P. § 803, Applicants respectfully request that the Examiner reconsider and withdraw the outstanding Election Requirement.

For the foregoing reasons, it is submitted that the Election Requirement in this application is improper and it is respectfully requested that it be reconsidered and withdrawn.

Should the Examiner have any questions, the Examiner is respectfully invited to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,  
Toshio KASAI et al.
